Council Lifts Tax Lid, Defeats Transfer Tax

The Warren borough council has opened the door for the earned income tax and has removed its previously established \$35,000 tax increase limitation for 1956. It also has voted down the proposed real estate transfer tax on its second reading.

On a motion by Councilman Patchen, it voted to rescind the motion of Harry Logan, Jr. which was passed at an October session. This motion limited additional taxes for 1956 to \$35,000. At the same meeting, council voted to avoid the earned income tax. The latest action, at Monday's regular December meeting, changes this.

The motion to rescind the former motions was passed 11 to 3, with Councilmen Africa, Carbon, Emory, Frantz, Johnson, Laskaris, Levine, Merenick, Newmaker, Painter, and Patchen voting affirmatively, and Logan, Mead, and Miller opposing.

Council voted to accept the offer of George L. Craft relative to the purchasing of approximately 12 acres of land on the West Side, in which is included the present playground. This will cost \$7,500. Warren will pay only \$1,000 down and the remaining \$6,500 in two years.

Mr. Craft has offered to pay the Warren Tank Car Company the full amount and to carry the borough for two years without interest. If the borough does not pay the balance in two years, it then must pay six per cent interest.

Action on the proposal came after Councilman Newmaker reviewed the

proposition and reported that the planning commission and the building and lands committee were in favor the idea. He proposed that council go on record as favoring the purchase and that an ordinance be prepared for the January meeting.

Council bought a two-door Chevrolet for the police department from Dan's Chevrolet for a net cost of \$890, the lowest bid of four. It bought a three-quarter Dodge pick-up truck for the park department at a net cost of \$1373 from H. L. Link, and a 2 1/2 ton G.M.C. dump truck was purchased from C. C. Smith for a net \$3300.

Council voted to allow borough employees full pay while attending reserve training periods for the armed forces, if they present a written request before going, a written request for pay on return, and proof of such attendance.

Following a plea by Burgess Rice and a letter from James E. Gnagey, council repealed an amendment to the parking law passed at the November meeting, which prohibited parking from Water to Conewango on Third. The law now reverts to its former reading, which prohibits parking on the north side and within fifty feet of Conewango ave. and the bridge on the south side. A new ordinance will be considered.

The problem here is not parked cars, but attended cars which clog the narrow lane when school is opening and letting out. The new law also proved a hardship to the corner grocer, Mr. Gnagey, who said ninety per cent of his trade is transient.

Council voted to certify Roger Thelin as a patrolman.

MORE THAN \$230,000 has been realized to date in the St. Joseph's church building fund campaign which is scheduled to be completed this week. During the past two weeks the children of the school have been sketching their proposals for the

church's appearance. Winners were announced on Monday.

The winners are as follows: (left to right) ROW I: Dennis Corey, second of Grades 3 and 4; Karen Aumer, third of Grades 5 and 6; Cecelia Musante, third, and John DiPierro,

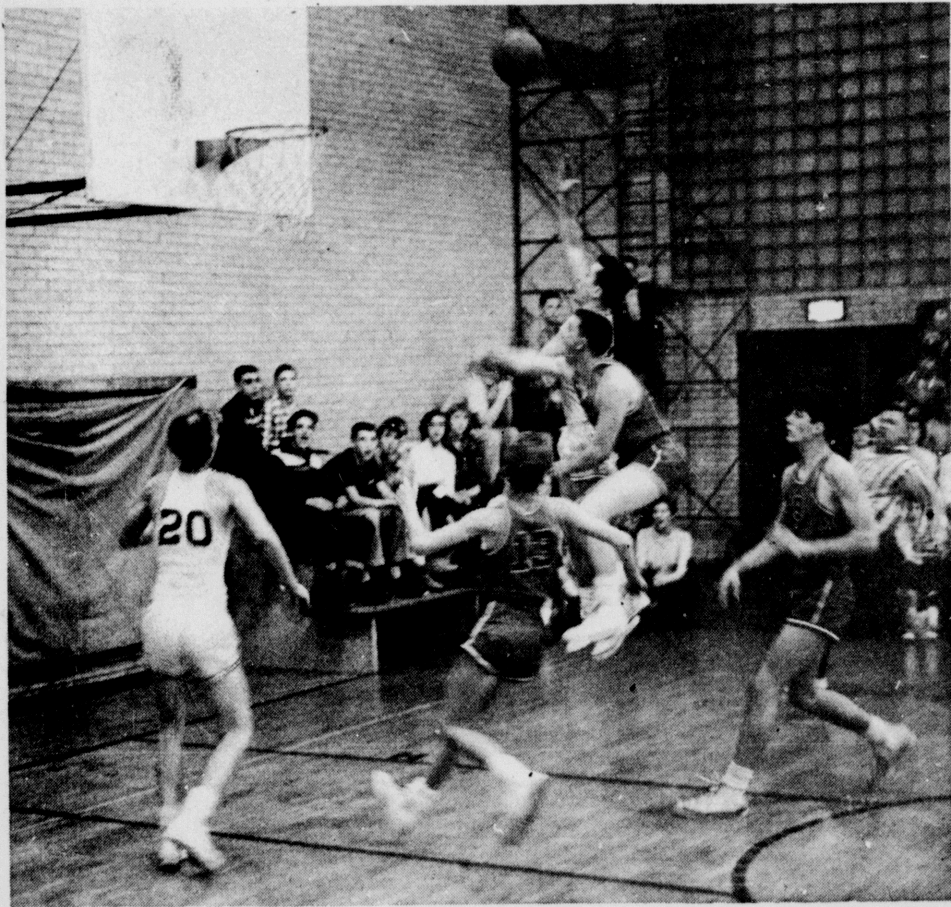

first, of Grades 3 and 4. ROW II: Kenneth Corey, third, Patricia Rogers, second, and Alexander Harrison, first, of Grades 7 and 8; Robert Suppa, first, and Thomas Slate, second, of Grades 5 and 6.

CATHOLIC DAUGHTERS CHOIR which is under the direction of Mrs. Rose Chiaramonte who serves also as court organist -- ROW I: Marie McGarry, Mary Oriole, Minnie Ger-

ardi, Barbara Hesck, Mrs. Chiaramonte, Betty Musante, Maxine Lytle, Mary Tassone. ROW II: Rose Schwartz, Dorothy Chimenti, Rose Bonavita, Betty Bova, Rose Gerardi,

Carolyn Musante, June Donovan, Florence Cunningham, Nancy Daye. Kathleen Edinger and Jo Rich were absent when the picture was taken.

JEFF GOES IN . . . One of Jeff Homan's most common performances is to move in to the board with the ball in hand. Here he goes up for a score against Southwestern. He was good for 25 points, Nelson, 20, waits at the left.

VIGOR, VIVACIOUSNESS AND VITALITY. These Warren high school cheerleaders have the go, the spring, and the charm needed to keep a student body occupied with encouraging phrases, loudly expressed. Here they wind one up with a jet take-off toward the ceiling. It must have had something to do with Warren winning over Southwestern, 76 to 62.

Want some little thing to fill out the list, or a small present for that out-of-town friend or relative? Why not send the Observer as a Christmas present.

JUNE 11 and 12 -- Beach Dance Studio Recital in Beaty auditorium.

CHILDREN OF THE SYNAGOGUE presented a program of gaiety and levity on Sunday afternoon in recognition of the Jewish holiday, Chanukah, which is comparable to the Christian's Christmas inasmuch as gifts are exchanged. Those on the program gathered around the menorah, a symbol of the holiday, for this picture of the gala occasion. The adults thoroughly enjoyed the antics which ranged from a young hula dancer to a box which contained the ugliest thing in the world -- of course when the top was removed the viewer saw his reflection in a mirror.

Mr. Floyd Clymer

"Best car manufactured in America today"

That's what Floyd Clymer, famous automobile authority, said about Chrysler in Popular Mechanics (October)

"I have tested many fine automobiles over all kinds of terrain," writes Mr. Clymer, "and in my judgment Chrysler is the best automobile manufactured in America today."

When you compare this Chrysler with the other two major cars in its price class, you will be in for an electrifying awakening. Because this is power driving as it was meant to be.

You push the "D" on the Pushbutton PowerFlite Drive and a mighty airplane-type engine whisks you away in an instant. There's a new, wonderfully easy feel-of-the-road with full-time PowerPilot Steering . . . a straight, sure, velvety sense of safety in the stops you get with PowerSmooth Brakes . . . a world of authority in the tremendous response of Chrysler's exclusive airplane-type Fire-Power V-8 engine!

Just one look at this car tells you the power's there. You see it in the flaring "PowerStyle" lines . . . in the flight-swept look of its rear deck and fenders. Let us put you behind the wheel of the "PowerStyle" Chrysler for just 15 minutes this week. Compare its all-around performance with its two price competitors. Then you'll know why "the best car manufactured in America" is your best buy! Come in or call us today!

"WHEN IN ROME" or Bavaria do as the natives' do, seems to be the creed of Mr. and Mrs. Robert Benson who were photographed in Garmisch, Bavaria, during a recent visit. Bob, a former employee of Warren General Hospital, was a member of the Warren high school wrestling squad. Mrs. Benson is the former Corinne Sandberg whose parents live in Youngsville.

In Brief

CHECK THIS LIST and advise the Warren borough manager if you know of any additional Warren County servicemen who were killed in action during the Korean conflict or died in service between June 27, 1950 and January 31, 1955. The information is needed for inscribing a granite memorial at the entrance of War Memorial Field.

The present list includes: Pfc. Walter C. Menard, killed July 16, 1950. Son of Mrs. Bessie Menard. Pfc. Herbert E. Rugar, killed July 25, 1950. Brother of Mrs. Agnes Vanderhoof. Cpl. William J. Scott, killed March 15, 1951. Nephew of O. Kibbey. Cpl. Edward Richmond, killed April 21, 1951. Son of Frank Richmond. Pfc. Marshall G. Fellows, killed August 27, 1951. Son of Mrs. Lee A. Feiro. Pvt. Ralph F. Sullivan, Jr., killed June 15, 1953. Son of Mrs. Rose Sullivan. Capt. Russell G. Peck, Jr., missing on November 15, 1952. Husband of Janet E. Peck. Pvt. Alfred E. Hazeltine, Jr., died June 10, 1952 at Ft. Leonard Wood, Mo. Son of Loretta Hazeltine. Airman Robert J. Scholton, died March 16, 1954 at Sampson AF Base. Son of Mrs. Eleanor Scholton.

FOR THE FIRST TIME in 15 years the Warren Chamber of Commerce will have over four hundred active members beginning in 1956, according to a report of Nels Anderson, membership committee chairman, at the December meeting of the Chamber in the YWCA. New members accepted included Eli Gordon, Simones and Cook, Warren Asphalt Co., and C. C. Winans. The Chamber hopes to hit the 500 mark next year.

WINNERS IN THE BLOMQUIST twenty-fifth anniversary "give-away" included the following: Mrs. R. E. Geiger a rotisserie; Mrs. B. B. Burns the choice of any lamp in the store; Marilyn Howard a Westinghouse toaster; Mrs. John D. Lesser a meat cutter; Mrs. Nellie Mills a deep fry; Mrs. Bob Engle a card table.

THE HEALING LIGHT will be presented in pageant form at the Trinity Memorial Episcopal church, Warren, on Sunday, December 18, at 4 p. m. John G. MacDonald will narrate, music will be provided by the junior and senior choirs, members of the church school will be in the pageant cast in the program which is directed by Richard Anderson and Richard Sidey.

NORMAN W. MOON, convicted slayer of Judge Allison D. Wade, has acted sane since he has been imprisoned in Western State Penitentiary, according to witnesses from the institution which included the resident physician, the warden, and several guards. Moon, awaiting sentence for the murder charge on which he was found guilty by a jury in May, 1954, and which has since been tied up by appeals, was removed from the Warren county jail to the state institution on April 19 of this year.

The Pennsylvania Supreme Court ruled recently that the local court must re-examine the findings of the sanity commission. The commission, composed of Dr. Robert H. Israel, Attorney R. Pierson Eaton, and Dr. William S. Walerc, examined Moon while he was confined in the Warren State Hospital and reported that the prisoner appeared to be mentally ill. Judge Alexander C. Flick ruled that the defendant was legally sane.

In the hearing conducted on Monday, December 12, the defense produced no witnesses. At the conclusion of testimony, Judge Flick refused a plea for additional time on behalf of the defense and decreed that briefs must be filed within ten days.

WARREN COMMUNITY CHEST officials were selected during a meeting of the board of directors on Monday evening. Marion E. Pettegrew is the new president succeeding Paul E. Harrington. Byron W. Knapp and Chester S. Allen will serve as first and second vice presidents, respectively. N. D. Patterson is treasurer, W. E. Yeager, secretary, and Charles R. Tranter, executive secretary. Elected to three-year terms on the board of directors were K. Earl Abel, Chester S. Allen, P. E. Harrington, A. L. Rasmussen, and Robert O. Wilder. It was reported at the meeting that the "over the top" success of the recent "red feather" campaign was partially due to the formation of consolidated welfare funds in many of Warren's industrial establishments.

AID THE INTERNAL Revenue department by using the proper forms, was the recent request of A. J. Dudley, district director of internal revenue. Form 941 for reporting social security and income tax withheld from employees; Form 942 for reporting the wages paid to household employees; and Form 720 for reporting various excise taxes will be mailed to the required taxpayers with certain embossed control numbers which greatly facilitate handling. By using other forms, the department must undergo many additional costly steps.

FARM EMPLOYERS who paid any employee at least \$100 in cash wages must file Form 943 indicating 2% employer and 2% employee social security taxes by the January 31, 1956 deadline. Late filing will cost the farmer a penalty. The tax is computed on cash wages only.

DEFEAT T.B. by buying and using Christmas Seals. Reminder letters are being mailed this week to those who have not responded to the November distribution. This is the only source of income for the TB Society's prevention and control program in Warren County.

THE GIRL SCOUT OFFICE will be closed on Friday, December 23, and Monday, December 26, for the Christmas holiday.

LETTERS FROM SANTA deadline is Friday, December 16. If you are interested in participating in this extra special effort sponsored by the Warren County Motor Club, follow the following simple rules. (1) Write a letter and sign it "Santa Claus". (2) Address envelope to your child. (3) Affix a six cent air mail stamp and leave the letter at the Motor Club office. (4) Be home when the letter is read by your child.

THE PUBLIC UTILITIES COMMISSION of the state of Pennsylvania last week instructed the Pennsylvania Department of Highways to improve the overhead crossing near the Youngsville borough line. Many deaths and injuries have resulted from the insecure safety factors which have been evident for many years. Numerous organizations and individuals have petitioned for satisfactory improvements particularly since the death of Mr. and Mrs. H. D. Haupin, of Corry, following their plunge to the tracks on December 26, 1953.

WITH A TOTAL OF \$267,977, the solicitation period of the St. Joseph building fund campaign closed on Wednesday evening of this week. The intense campaign was conducted by Community Counselling Service of New York and was organized on a personal basis with over 175 parishioners involved in the labor. The payments can be extended over a two-year period.

A **PROMOTION** and transfer has

been received by W. Ralph (Bunky) Ruse who has been a Bell Telephone employee for twenty-five years the last seven of which have been spent in Warren. Mr. Ruse will serve in the Company's sales department in Pittsburgh. Mr. and Mrs. Ruse were honored with a farewell dinner given by the business office force at the Carver Hotel.

A **GIRL SCOUT** basic training program has been completed recently with the presentation of certificates to the following: Mrs. P. Howard Colt, Mrs. Robert Schindler, Mrs. Clifford Knowlton, Mrs. Paul McClain, Mrs. James Ruhlman, Mrs. Joseph Krimmel, Mrs. F. E. Wilson, Mrs. Robert Jackson, Mrs. Robert Alexander of Warren; Mrs. Ralph Sorenson, Mrs. Loyal Briggs, Mrs. Richard Loper, Mrs. John Stevenson, Mrs. Joseph W. Guiffre, of North Warren; Mrs. John Zandi, Mrs. Bobby Kay, Mrs. W. Robert Swanson, Mrs. Howard Faul, of Sheffield; Mrs. Carl Atkins, Mrs. Richard Atkins, of Sugar Grove; and Mrs. Charles Johnson of Clarendon. Mrs. Victor Spattifor, chairman of the training committee, was the instructor. She was assisted at times by Mrs. Fred Abendroth, Mrs. A. J. Weiler, Mrs. Wade Ransom and Mrs. John Kirk.

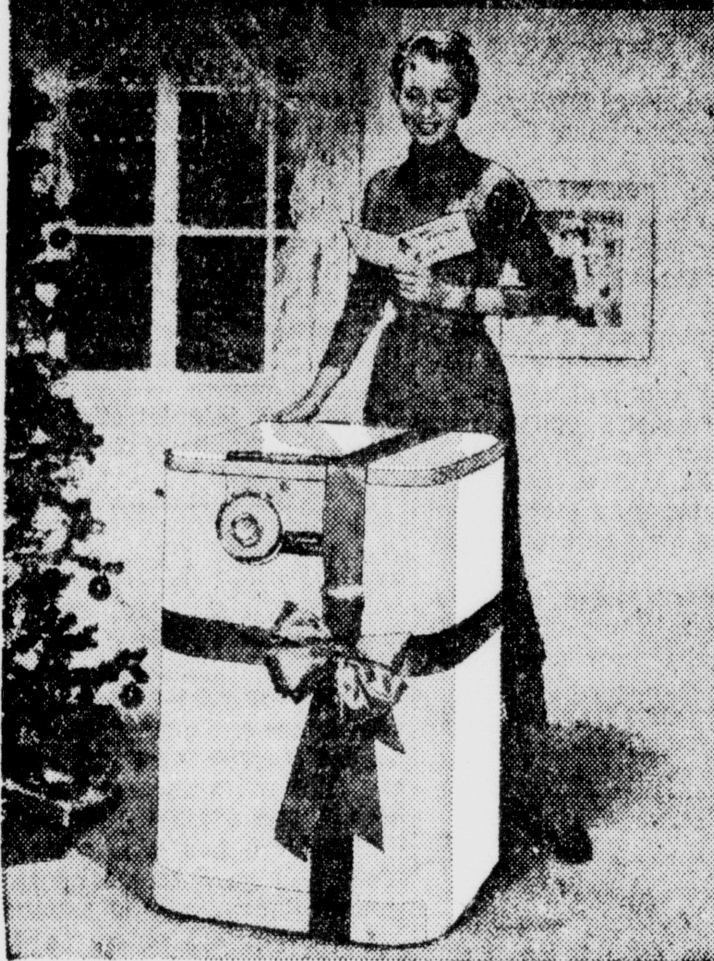

WARREN POST OFFICE HOURS for the Christmas rush have been announced as follows: 7:30 a. m. to 6:30 p. m. through Monday, December 19. The following day the mailing windows go back to the regular schedule.

A **DISCREPANCY IN FUNDS** has been charged by the United States government against Mrs. Gracian Cousins, Corydon postmistress, and her husband Joseph A. Cousins who operates a radio and TV shop. A Pittsburgh U. S. District Grand Jury returned the indictment in which was claimed that Cousins substituted occasionally and had spent more than he earned in the electrical shop during the time of the alleged shortage. Mr. Cousins has revealed that they will continue to fight the case through the efforts of an Erie attorney.

WARREN EDITION CAPTION correction: The statement under the picture taken in St. Joseph's school and seen on the front page should read as follows:

OUR NEW CHURCH was the theme of the artists' conception contest sponsored among children of St. Joseph's school recently in connection with the campaign to raise funds for the construction of a new edifice. The youngsters were encouraged to allow their imaginations to roam and the results indicated that each thought out his own plans and was not influenced by his chums.

Fr. Alfred M. Bauer, the parish pastor, presented the prizes to the winners on Monday afternoon. The principal of the school, Sister Dolores, is shown in the accompanying picture of the Grades 1 and 2 winners (left to right) Michael Fadale, first, Michael Kaleina, second, and Bruce King, third.

IN NOVEMBER TERM of Warren County court, juries brought back verdicts favoring the plaintiffs. In a case involving damaged furniture, Howard Fuellhart was awarded \$1,500 from Masterson Transfer. F. W. Fletcher won his case with Dorothy Wolfe in a dispute over a diamond ring.

Things to Come

"THE SONG OF CHRISTMAS" would be an appropriate theme for the annual Carol Festival on Monday, December 19, at 8 p. m., in Beaty auditorium. It is also the title of the inspiring cantata which will be sung by the two combined high school choirs, the a cappella choir and the Choraleers, under the direction of Carroll Fowler. The Festival will open with a procession by the two choirs, plus the Choristers, into the auditorium and onto the stage. The choirs will also sing the Hallelujah Chorus from Handel's Messiah.

The Warren high school orchestra, under the direction of Harry Summers, will play "Christmas Carols", by Harry Sopken, "Little Tin Soldiers", by H. G. Perne, and "Sleigh Ride", an overture by Leroy Anderson.

Y-TEENS WILL CELEBRATE . . the Yuletide season with two formal dances. Beaty Y-Teens and the Junior Hi-Y will combine efforts to bring about the "Snow Ball" on Wednesday, December 23, in the YWCA gym. Carolyn Pasquino and Sue Spattifor are co-chairmen of the affair. Music for dancing will be provided by the Knobby Trio and tickets are \$1.25 per couple.

Tickets may be obtained from any of the following: Gail Wyman, Sandy Wilson, Carolyn Pasquino, Ann Fuelhart, Judy Hutchins, and Pat Lanman.

"A Symphony In Snow" and gold and white will be the theme and colors of the annual Belle Ball sponsored by the high school Y-Teens and the Lettermen's Association on December 21 at the YWCA, from 9 to 1. This dance will be \$1.50 per couple. Alumni home from college are particularly invited to attend.

AFTER A LAPSE OF 15 YEARS the Warren Chamber of Commerce will hold a membership banquet to usher in 1956. Alex Fino, banquet chairman, and his committee, have set Wednesday, February 11, as the date in Beaty cafeteria. This dinner will serve three purposes; to introduce the new Chamber board and officers, to honor the retiring Board; and offer an opportunity for all members to join in an evening of fellowship and entertainment. Tickets will be mailed out by the committee in January.

K. OF C. CHRISTMAS PARTY FOR THE KIDDIES will be held on Sunday, December 18, at 2 p. m., in the Council Rooms. There will be entertainment and gifts, and Santa himself has promised to put in an appearance.

The regular meeting of the Knights of Columbus will be held on Thursday, December 15, at 8:30 p. m. This will be followed by a luncheon.

THE SECOND BASKETBALL DANCE of the season will be held following the Sheffield-Warren game on Friday, December 16, at the YWCA. Music for dancing will be supplied by records.

CITATIONS WILL BE PRESENTED to all Scouts who became First Class during 1955 at the annual Round Up Rally to be held in Beaty auditorium on Saturday, December 17, at 2 p. m. Parents are invited to attend and take part in this program.

WILDER FIELD CLUB HOUSE will be the scene of the Conewango Valley Kennel Club annual family Christmas party. It will be on Saturday, December 17.

YOUNGVILLE PRE-SCHOOL MOTHERS will sponsor a skating party at the Youngsville Rink on December 17 at 10 p. m. It is limited to those 16 years of age or older. Tickets may be purchased at the door or at Abraham's.

ROTARIANS AND WIVES . . . will hold their annual Christmas luncheon at the YWCA on Monday, December 19. They will be entertained by the Warren high school a cappella choir.

At last week's Rotary meeting, Shurl Glass, chairman of the International Service Committee, announced that it had been arranged for Rotarians to entertain a group of European students now studying at Columbia University over the New Year weekend. They will arrive in Warren on Saturday, December 31, at 5:30 p. m. and leave on January 2 at 8 a. m.

CUB SCOUT PACK 47 of Home St. school will hold their annual Christmas party on Thursday, December 15, at 7:30 p. m. Cubs are reminded to bring a gift for the grab bag and usable toys for the Children's Aid Society.

MASONS ST. JOHN'S DAY . . . will be held on Thursday, December 29, in Beaty cafeteria at 6:15 p. m. Judge Harold C. Kessinger, of Ridgewood, N. J., world traveler, editor, publisher, educator, and banker, will be the guest speaker. He is widely known as a humorist and orator.

This dinner will mark the 155th annual St. John's Day celebration in Warren. Members of North Star and Joseph Warren Lodges are urged to secure their tickets early.

THE VARSITY AWARDS COMMITTEE of Youngsville high school will sponsor a bake sale at Abraham's store on Saturday, December 17. The proceeds will go toward recognition of a-

chievements in the athletic department of the school.

THE CONEWANGO VALLEY COUNTRY CLUB will hold a formal dinner-dance on Thursday, December 29. Dinner will be at 7 p. m. and each person may invite a guest. Reservations must be in by December 27.

YOUNGVILLE HIGH BAND . . . will give a concert at the Rouse hospital on Friday, December 16, at 1:30 p. m. There will be one concert in the women's dormitory and another in the men's section.

Joint Board And Joint Committee Organize

Newly-elected members of Warren area school board met on Monday evening of this week and elected Melvin Keller, president; Lee Schaeffer, of Pleasant twp., vice president; and Ernest Miller, of Conewango twp., as secretary. Expressions of thanks were extended to Kenneth Barrett, Lester Sheldon, and Carol Westfall who retired from the board. Joseph Passaro, high school principal, reviewed the room schedule for the proposed new high school building.

Following the area board meeting the joint committee convened and elected the same officers. New members seated were Frank Colosimo, of Kinzua, Harris Johnson, of Glade twp., Mrs. Ray Michelson, of Watson twp., and Myron Jewell, of Warren.

Harry Hutchings, of the Warren Borough Teachers Association, and Loyal Briggs of the Liaison Committee, presented the salary program on behalf of the organizations they represented. The committee approved sixty additional hours of instruction in woodworking by Herbert Nichols at Beaty.

Substitutes salaries of \$1,301, special services of \$592, and janitors' overtime of \$758.75 were authorized. Monthly orders totaling \$676.57 were approved. Miss Edna Glasser was given permission to serve on the evaluation committee at Emporium on April 10-12.

Frank Johnson, speech technician, reported eighty-six cases under treatment. A report indicated that 80.4% of the students beginning the ninth grade four years ago are in the senior class now. This compares with 1951-52 comparable figures of 70% in the state and 80.7% in Warren.

A review of last year's graduating class revealed the following: 35% in colleges; 36% employed in stores and offices; 10% employed in factories and trades; 9% in the armed forces; 3% at home; 1% in agriculture; 6% were unobtainable.

In the 1955-56 teaching staff, 41 have masters' degrees and their salaries average \$4,217.05.

The Joint Authority convened for a brief meeting at which they re-elected the following officers: C. Winans, president, Milton Peterson, vice president, and Paul Ristau, treasurer. They approved a program for the Warren National Bank to invest some temporarily excess funds.

MURPHY'S
CHRISTMAS CANDY

Says "MERRY CHRISTMAS" in Good Taste!

"WE TEACH BEGINNERS"

Russian Policy Reveals Our Inadequacies

By Thomas L. Stokes

WASHINGTON. -- Slowly we are beginning to recognize that in our competition with Soviet Russia to win people to our side and the side of freedom and free institutions, all sorts of factors are involved. Among them, what we do with our opportunities to develop our own economy and our own institutions here at home.

Russia's stepped-up economic aid program to other nations, particularly offers she is dangling before the strategic Middle East and India, has directed our attention to our own foreign economic aid program as well as to the less expensive Point Four program instituted by former President Truman.

How much Congress should be asked to appropriate next year for foreign economic aid now is a matter of controversy within the Administration that was carried this week to President Eisenhower at Gettysburg. One group would scale it down, while another would expand it, especially to under-developed countries in Asia and Africa.

In addition to money for direct economic aid, there is the Point Four program by which we provide technical assistants to help under-developed countries to help themselves in raising living, health and education standards and in improving methods of agriculture and such. In this Russia now is copying us. Part of Russia's greatly increased expenditures for her education system is going to train "missionaries" for a combined economic aid-propaganda program in other countries, as well as to train scientists for her defense industries, including atomic research and development.

The danger that we are falling behind in scientific education was recognized during the recent White House Conference on Education, as well as the inadequacy of facilities and the declining quality of our education generally. In short, right

here at home, in our schools, we are neglecting an important weapon in the cold war or cold peace, or whatever we may now term our competition with Russia. The shortage of scientists, both for our peacetime and our defense atomic programs, finally enlisted the Atomic Energy Commission Chairman, Admiral Lewis Strauss, in the campaign for immediate action to improve our educational establishment.

Perhaps this national security need finally will prod the Administration and Congress into giving some Federal aid, at least for school construction.

It is hard to realize from the still reluctant attitude today toward Federal aid that one of our recognized staunch conservative Republican leaders, the late Senator Robert A. Taft of Ohio, sponsored and got through the Senate of the Republican-controlled 80th Congress a bill giving \$300,000,000 for direct Federal aid to education. It was all for operating expenses, with about 85 percent due to go for teacher salaries. The measure was buried in a House Committee.

The Ohio Senator had no fears about Federal control of education -- which he would have been the last to accept -- because of a specific provision that forbade the Federal government to have any say whatever about the schools, their curriculum, text books, or anything else. Seven years later, we are begin-

ning to catch up with Senator Taft, though the Administration's program will be limited to school construction. Had Congress followed Senator Taft in his program, which was planned as a continuing Federal program, we would be well on the way to meeting what we now know is our No. 1 domestic problem.

In another area Russia is also reminding us how we have fallen behind by a change of policy on the part of this Administration toward developing a natural resource -- water. Russia has begun work on the biggest hydroelectric power development in the world -- a 3,000,000 kilowatt installation -- located on the Angara River in Eastern Siberia. It is the first step in water power development to industrialize all of Siberia. In this also Russia is continuing to copy us for she began after our TVA became a reality.

But the government now has stopped our own program of integrated development of our river systems, as symbolized on TVA and other great projects in the Pacific Northwest. It only permits this on a piece-meal, inadequate basis by private utilities -- and private utilities won't come in unless the government guarantees a nice profit, as it did in the now-abandoned Dixon-Yates deal, which of course means high costs to the consumer.

Now we are seeing the spectacle of Secretary of Interior McKay, who instituted this niggardly, short-sighted policy, confessing publicly

that we face a power shortage. He still is appealing for private utilities and local communities to come in and help. He is claiming that Congress will not provide the \$300,000,000 needed annually, but that local communities and private utilities must do it under his "partnership" plan.

If Secretary McKay would submit an integrated Federal program to Congress, he could get Congress'

support. What the Secretary overlooks is that every cent that Congress appropriates to develop our rivers in the public interest would come back -- as it is coming back now every year, and ahead of schedule, from TVA -- to the Treasury and that in the end the projects would belong to all of the people who put up the money for this safe and sound investment.

BENEFICIAL HALLOWEEN

If you have been wondering what happened as the result of the effort to make Halloween fun a bit more constructive than usual this year, the trick or treat visits by Pennsylvania young people who collected funds for UNICEF (United Nation's Children's Fund) netted \$8,447.

More than two thousand from 242 churches participated. Their efforts provided money for a health-building program in ninety underdeveloped countries. One dollar was worth enough powdered milk to provide nine children a glass of milk every day for a week, and thus serve to protect them from tuberculosis.

We know that the figure mentioned is not the actual total, because there were many who did not report to the director of youth work of the Pennsylvania state council of Christian education. Some sent theirs to other UN addresses. Warren county, for example, is not listed in those reporting.

We are certain that the idea must have been good for away over \$10,000 in this state, and with a better plan and more advanced notice, will be a boon to this world-wide Christian work.

COLOR TV BOON

A shot in the arm to color TV may be found in the offer expected from CBS-Columbia. It has been reported that it will offer the original price of your black and white set on a new CBS-Columbia color set. This could stir the color market to a point where the price of such sets might get down within the reach of the same purchasing group which could afford black and white television in the stage when it sold for \$400 a set.

WANTA FLY?

That long awaited development of planes for the average citizen, about which we heard so much during the last war, may be shaping up. Cessna claims it has that plane which anyone can fly, and models are available for demonstration.

You can make an appointment at your local port, and the new plane will be flown in from the Beaver county airport. It is called the Cessna 172 and is flown as you drive a car. You give it the gas, and at 40 miles per hour raise the nose. You are off! Ease off the gas, apply the brakes and you have landed, and at any speed from 40 to 120 miles per hour.

Sounds easy and the makers are willing to let you fly it to prove their contention. The announcement has been held up to allow time for tooling so that production can keep up with demand.

POLITICAL PRICE EXPANDS

We announced in a recent issue that the Republicans already had signed up an advertising firm to handle the TV programs for their 1956 campaign, and that they had budgeted two million dollars.

Some of the national news hustlers say that another eight million will be added to this and that three or four additional advertising agencies have been added to handle related publicity that will not be directly connected with the organization's frontal attack.

This might cover such efforts as a get-out-the-vote campaign which would be made to look like a spontaneous effort on the part of many independent groups, ranging as far as the Boy Scouts, such as was the case in 1952. Such supporting efforts are not direct machine pub-

licity, but often are a major part of a campaign.

MIAMI BOUND

The women's national bowling tournament this year is in Miami and there is a chance that one team of Warren girls will make the trip by plane. However, they may need another bowler or two to fill out the roster.

The national is rolled in three classes. The cost is \$25 for the team, \$10 for each doubles combination, \$5 for the singles.

Meanwhile, the men are hustling to fill up those shifts at their national in Rochester this year. Entry blanks now are being received by the press and league officials in an effort to obtain more teams.

At the time of the entry reservation date, November 15, the number of paid entries was 3600. It now tops 4,000. The final deadline for entries on a first come, first served basis is January 17, and there now are 2000 openings.

You can get an entry blank at your alleys or from your association officers.

Those teams with averages under 850 can qualify for the booster division, and these compete for \$900 worth of prizes in each squad

of 40 teams, in addition to being eligible for the open prizes.

The cost to the bowlers is \$10 for each event and \$3 for the all-events. If you bowl in the team, doubles, singles and all-events the entry cost is \$30, of which \$18 comes back to the bowlers.

WARREN

OUTDOORS**DEER KILL**

It is too early to say how the current deer kill will compare with previous seasons, but we predict that the buck total will be close to 1954, when about 40,000 were brought in. With the help of the two-day doe kill, this may be topped.

If we remember correctly, the total two years ago was about 37,000 bucks and 16,000 does. This season may compare well with that if the weather was good in all parts of the state the first two days of this week. (This was written in advance of the doe season.)

GIRL BUCK

The game commission reports an antlered deer which was killed the first day of the season and turned out to be a girl. Dr. J. Kenneth Douth, curator of mamology at Carnegie museum, said the antlers were caused by a freak of nature.

Not a very learned pronouncement, and one that was mighty obvious.

NO MORE DUCKS

If you are a duck hunter in this area, it is about time to put away the gun. The season ends December 17. But you can hunt them in Bucks, Philadelphia, and Delaware counties until January 6, because of their proximity to New Jersey, where the season is longer.

BIG GAME TROPHY SHOW

As a part of the Pennsylvania Recreation and Sportsmen's Show, scheduled for the Farm Show building in Harrisburg, March 20 to 24, will be the first North American big game trophy show ever held in this state. Entrants must file a scoring chart by March 1, at the 1612 N. Second st. address.

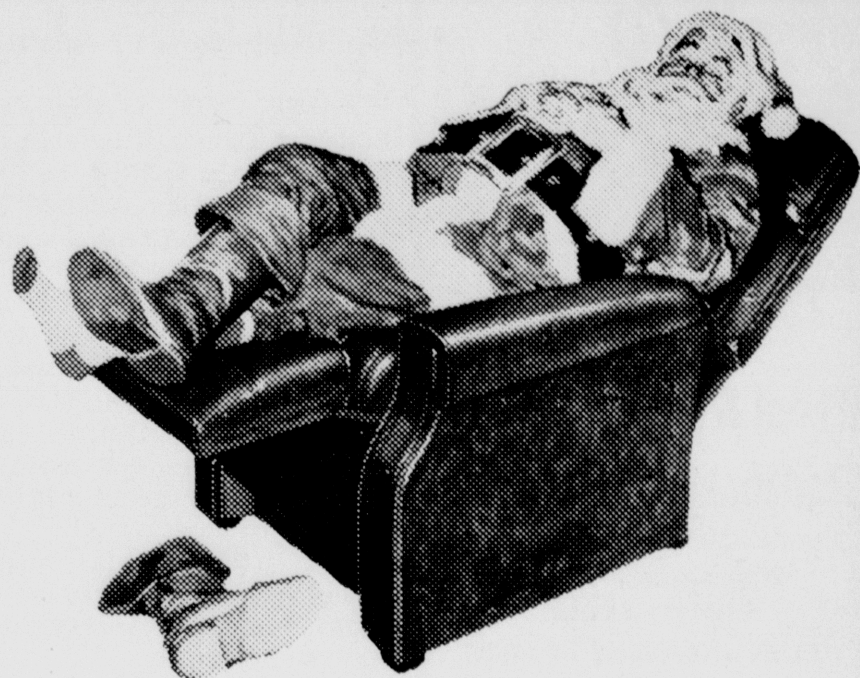

Big game trophies range from our white tail deer to Alaska brown bear, and include cougar, walrus, polar bear, mountain goat, big horn sheep and numerous others.

This should be quite a show. It will include outdoor sports, conservation, travel, and outdoor living in general. Equipment on display will cover five acres and will range from garden accessories to picnic supplies, and from sport cars to light airplanes.

It will be under one roof, and on the first floor, with a quarter of a million visitors expected.

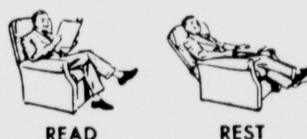

PLAN YOUR SEEDING

If you want to take part in the reforestation plans of the state by planting at least one thousand seed-

*Give your "Santa"***A CHRISTMAS
BARCALOUNGER**

- A handsome lounge chair
- Read, rest, relax, watch TV

lings on your property, write the Pennsylvania Department of Forests and Waters, Education Building, Harrisburg, Pa. You can have no less than 1,000 seedlings, and no less than 500 of any one species. Available are white pine, red pine, Norway spruce, white spruce, hemlock, Japanese larch, European larch, black locust, and black wal-

nut. They must not be planted for landscaping or as ornaments. They are for idle, marginal, and sub-marginal agriculture lands, and serve also as cover for game, provide watershed values, and increase the appearance of thinned out areas. The cost is only \$6 for a thousand seedlings, and it takes between 800 and 1,000 to seed an acre.

Egypt First Hand

By Doris Fleeson

WASHINGTON. -- Rep. Frances Bolton of Ohio will be able to talk with Congress at first hand about both the Egyptian point of Soviet penetration into Africa and what lies beyond it.

Egypt, now buying Soviet arms and welding economic ties with Moscow, is well known to tourists. Mrs. Bolton journeyed south of the Sahara -- West Coast, Gold Coast, Trust territories, the Congo, Rhodesia, Ethiopia, Kenya and the Sudan.

Cairo will be her last stop, enabling her to evaluate events there against an impressive background of personal experience.

Dr. Hodgson of the Mayo Clinic is in her party on assignment to study tropical medicine. The U. S. Army has contributed a signal corps photographer, perhaps in part for reasons of its own.

Mrs. Bolton incidentally is paying her own way but she is a staunch defender of Congressional travel as

absolutely necessary to intelligent legislating in these times. She says she pays because she can afford it but many can't.

Her newsletters home are informative and deeply moving. "A Sunday To Remember" dated December 3 tells this story. It is in the spirit of the season and it follows in part: "I am far from cities and towns, sitting on a hillside in the delightful country of Southern Rhodesia.

On this little hillside the sun is very warm and bird sounds are everywhere. To the north the hills disappear in the mist and I find myself saying inwardly, 'I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord, which made Heaven and earth.'

"In front of me stretches a veldt or grassland which ends in a great granite hill, curiously carved out by nature to resemble an elephant. Yesterday, at the other side of that odd mountain, I spent a Sunday that will be long with me. We drove about 50 miles from Salisbury, where we are staying, to a church service at the Methodist mission at the little town of Mrewa. How can I possibly picture to you the low, well-worn residence and the charming, hospitable, young missionary couple who greeted us at the door? How can I describe the two large trees in front with their two-foot hedges of 'crown of thorns' in bloom?

"As the service was about to start the young people who attend the mission school gathered for their simple drill to the quiet, almost reverent drumbeats. The boys were in khaki shirts and shorts, the girls in burnt orange smocks, the choir in deep red gowns with white collars. All lined up before the door and then marched quietly in to take their places on the benches in the nave. Women, some with sleeping babies on their backs, filled the two transepts. The missionary, his wife, a United States Information Service officer and our party sat on benches on the side aisle by an open window. Such music! The young rich voices had a rare quality with a perfection of pitch and rhythm which gave an effect that no words of mine can possibly describe. They sang without accompaniment of any kind, with a simple reverence that brought tears to the eyes and a great lump in the throat.

"The service was in Chizizuru, the native tongue. It is a language of musical vowels and phonetic pronunciation. It was easy to sing the hymns, especially when the third one was set to that exquisite Brahms' 'Lullaby'.

"The preacher (who is called the Baba) was a gentle soul with tan suit, black vest, and ecclesiastical collar. He preached quite a long time on the need for Christian education. The missionary's wife translated a sentence or two for us and every once in a while I could distinguish bible words. At the end he asked me if I would care to bring them 'a message from the people of the United States.' This I did with quiet joy, reminding them that we are a land of many races and are indeed their brothers and sisters.

"The missionaries told me that each building of this 47-year old mission had been constructed just in time to care for people during an epidemic. First occupants were always patients. The mission hospital itself is manned by amazing people. Imagine a tiny one-story building without electricity, filled to overflowing with patients. The missionary told us he frequently held an electric flashlight while the doctor operated or delivered a baby! Antiseptics are hard to come by in this part of the world and I doubt if the doctor even has a pair of rubber gloves!

"We learned of mission work and native customs and how necessary it is that the latter be melted down slowly, lest the native be deprived of what he had before new ways can give him a sense of security.

"Like most of our days, we had packed rich experiences into the 24 hours. Somehow this Sunday had its own very exquisite flavor -- one which will stay with each of us for many years to come."

Observations

By Bob Walsh

Expensive Freedom

The Federal Communications Commission finally has decided that Edward Lamb, publisher of the Erie Dispatch Herald and owner of a radio station in that city, can have his license. It had been held up because parties unknown had said Mr. Lamb was a member of communist groups and contributed to them.

The commission has decided that there is no proof that Mr. Lamb personally engaged in subversive activity.

But the commission has not disclosed who it was that caused the trouble by saying that Mr. Lamb was guilty of communist activities. If the commission did not have complete proof at the beginning, why did it put an American citizen through such an ordeal? An ordeal which started in the spring of 1954.

And why is an American denied the right to face his accuser? And since when has it developed under our laws and our constitution that a man must prove himself innocent? We always were under the impression that a man was innocent until proved guilty.

If Mr. Lamb had been an average citizen, with an average job, he never would have had a chance in his case. He could not have afforded to pay high priced lawyers to fight the case, and he would have lacked the influence necessary to cause Washington officials to produce even one of the witnesses, as was done with Marie Natvig, who was sentenced to jail for perjury in this case.

We sat at a local dinner recently where one of our leading citizens calmly stated that he saw nothing to get excited about in the practice of McCarthyism. He said he was not ashamed of his past. He saw no reason why anyone with a clean background should be concerned.

That is how blind we are thinking. Obviously if we are to permit Washington commissions to blacklist Americans without producing proof, and without giving them an opportunity to refute evidence which is not revealed, a good background is not of much use. It always alarms us to see such limited thinking done in the very circles where you hear fear of big government expressed!

In the case of Lamb, the opposition newspaper gave his story six front page columns when the case first started. It did this without a single mention of the accuser. Six solid columns of abuse and not one speck of proof! That is real support of a basic freedom!

And when the FCC announced that Mr. Lamb had been cleared the opposition paper announced it in about one-sixth the space of the original castigation.

But we never have been able to sympathize very much. The Lamb paper proved itself to be not above the smudge pot. When it could break

a story that questioned the morals of a name closely connected with the opposition it printed the details in loud fashion.

The press complains strongly when anything bordering on censor is suggested, and rightly so. But it asks for it when its front pages play up the lust and blood that can be found in the daily news if you look closely for angles that will emphasize the sensational.

Freedom of the press is something for which we must fight to preserve. The continuous effort is not helped by the abuse of such a privilege.

Important to all of us is the tangible proof that trial by blank accusation is being practiced in Washington and is abetted by much of the daily press. If Mr. Lamb could be so accused without the revelation of his accuser, many innocent men no doubt have suffered the same fate.

And even though such charges are disproved, the taint never fully rubs off.

This process is not the sole property of the current Republican administration. It was given great impetus by the New Deal and its many boards. We never will forget the case involving the Penn Furnace and Iron which was heard by the National Labor Relations Board in Warren.

We do not remember the facts of the case. We were not as impressed by the facts as we were by the practice of a board acting as judge, jury, and prosecutor in this United States.

The security laws and system were established before President Eisenhower was a gleam in Mr. Dewey's eye, but they were used to the utmost by GOP congressmen and other Republican officials who attempted to smear President Truman and his cohorts with their own brush dipped in red paint.

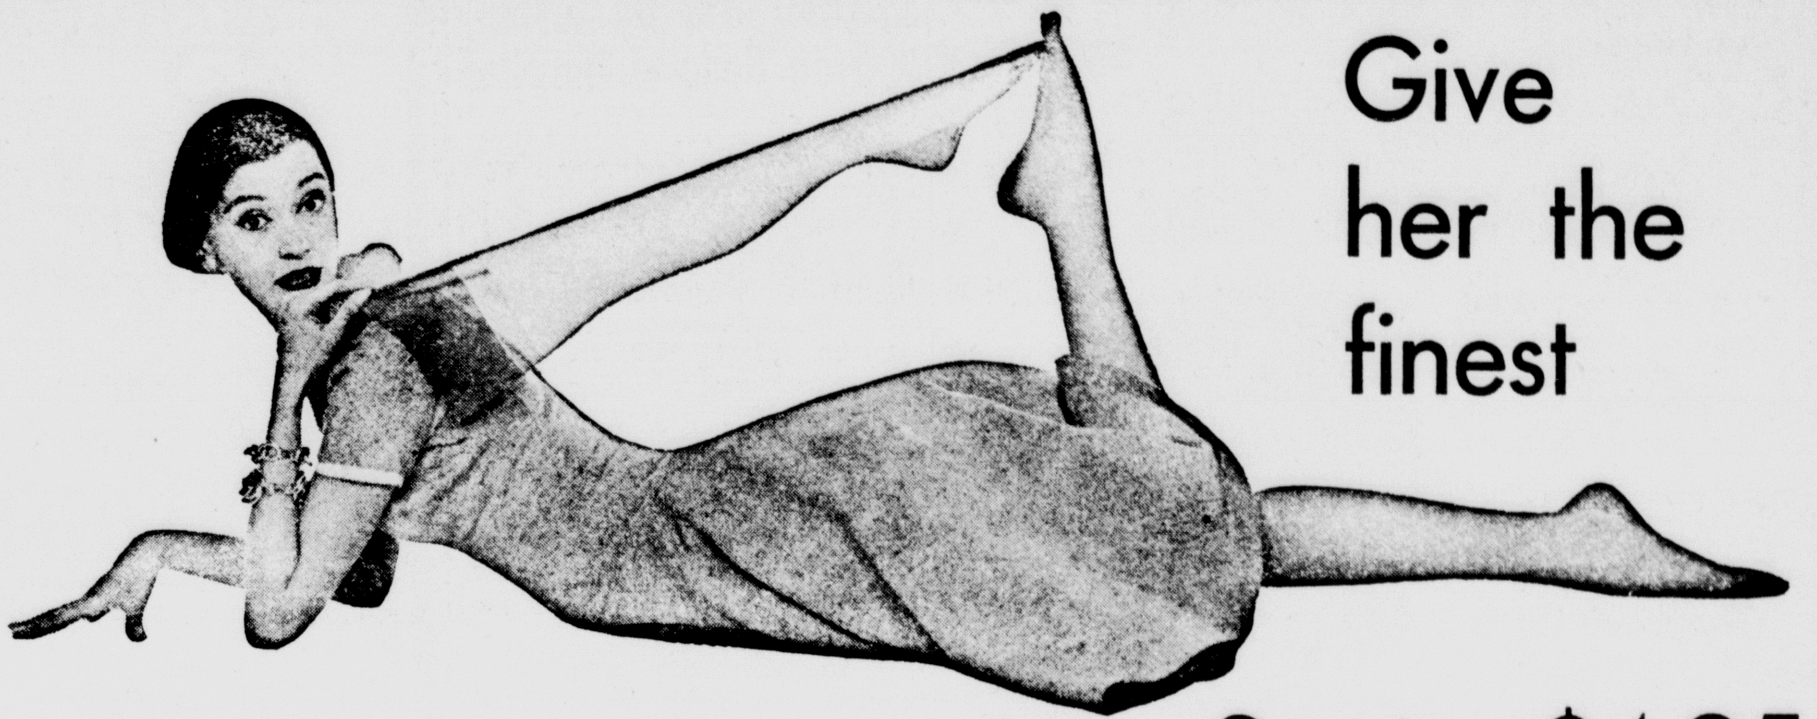

We believe that the Edward Lambs and the local industries and all who come under government attack should enjoy the rights due them in our courts. These courts say that a

man must be tried by an unbiased jury, must be faced by his accuser, and need not testify in his own behalf. They also protect him from slander

and libel.

Mr. Lamb has his license to broadcast. But only because he could afford to fight for it. Our basic

American freedoms should not be limited to those who can afford them. That dates us back to a couple guys by the name of George.

WARREN, PA.

The Ford Foundation's list of hospitals to receive portions of its \$500 million gift to colleges and hospitals, includes \$54,400 for the Warren General. This money is to be distributed in the next eighteen months and the figures are approximate.

The 3,500 hospitals to be helped are those listed by the American Hospital association, and they must spend the money for improvements or extension of services, but not for operating expenses of current services.

Of special interest to the Warren hospital should be the statement that a particular purpose of the grants is to assist hospitals to achieve full accreditation with the Joint Commission on Accreditation of Hospitals. The Warren hospital is on what amounts to probation in this respect.

Hospital boards must submit evidence of tax exemption, report preliminary plans for use of the funds within three months of acceptance, and report at the end of two years on actual or projected use of the funds.

The amount of the grant is computed on the basis of patient days of service provided by the hospital, plus the number of births. These figures are learned from the reports made to the American Hospital Association.

Area schools and hospitals benefitting and their grants include: Allegheny College, \$293,700; Alliance College, \$40,700; Bryn Mawr, \$594,300; Carnegie, \$1,318,400; Duquesne, \$424,700; Franklin and Marshall, \$357,100; Grove City, \$208,100; Mercyhurst, \$147,000; Thiel, \$102,500; U. of Pennsylvania, \$2,742,800; U. of Pittsburgh, \$1,498,000; Villa Maria, \$86,600; Westminster, \$26,500; Gannon College, \$255,800; Lafayette, \$545,600.

Bradford hospital, \$75,500; Corry hospital, \$25,900; Hamot, \$171,500; St. Vincent's, \$165,100; Zern Zern Crippled Children, \$21,700; Franklin, \$42,200; St. Barnabas, \$21,100; Oil City, \$84,100; St. Marys, \$40,700; Kane Community, \$24,700; Kane Summit, \$10,700.

Sharon General, \$142,200; Union City, \$13,800; Titusville, \$37,400; the maximum of \$250,000 went to several Philadelphia, Pittsburgh, and Harrisburg hospitals.

(Ed. Note. It is difficult to figure how much this money will be worth to the chosen hospitals. It can not be spent for existing services. The creation of new ones will mean added expenses, and most hospitals today are operating either at a loss or very close to the line.

The additional services are a recognized need and obviously are responsibilities which hospitals must assume in the future. But the money so received will not cover the added costs. Instead, it may actually create expenses which the public will have to help finance.

The Ford Foundation is giving these progressive steps a slight shove. The many benefitting communities will have to pay the major bill.)

A black and white photograph of a man in a suit standing behind a table covered with a white cloth. He is holding a certificate or document in his right hand. The table is decorated with a small evergreen branch. In the background, there are shelves with books and a lamp.

RAY STEIN, Stein Ladies Shop, in Warren, was honored recently by the receipt of a citation from Leon V. Rosenberg, vice president of the firm which manufactures Rosecrest sportswear. The letter which accompanied the citation read in part: "Your fine promotional thinking, proven outstanding advertising ability, and sales of Rosecrest sportswear have earned for you the respect and admiration of Rosecrest". The gold-sealed Rosecrest Award of Merit will undoubtedly be displayed in a conspicuous position in Mr. Stein's office.

Hitchcock Adds Yule Touch to Drama

FEW new shows on television have gripped such a large audience, not only in numbers but in their attentiveness, as has CBS Television's thriller—Alfred Hitchcock Presents—on WBEN-TV each Sunday night at 9:30 o'clock. It has drawn high praise not only for its suspenseful drama, but in the unusual comedy-type fashion in which Mr. Hitchcock opens and closes his taut stories, even to the manner in which some of its commercials are given through cartoon.

Director Hitchcock lays his talented hand to the Christmas season Sunday, Dec. 18, in "Santa Claus and the 10th Avenue Kid," with Academy-Award Barry Fitzgerald in the leading role.

Just out of prison, Fitzgerald is put to work by a welfare agency as a store Santa. He's glad to get the job and intends to make good. He soon discovers he still has larceny in his heart—until a little roughneck from 10th Avenue puts him on the defensive by challenging him on Santa's virtues.

Jubilee Stars

A bright array of top entertainers will fill WBEN-TV's Star Jubilee in a 90-minute all-color musical titled "I Hear America Singing" Saturday night, Dec. 17, at 9:30 o'clock. Heading up the CBS cast are Eddie Fisher and Debbie Reynolds, with Red Skelton, Ella Fitzgerald, Nat "King" Cole and Bobby Van.

COUNTY FARM PICTURE

The farm problem is a major part of the political debate which is warming up for next year, and we find that Warren county is no exception when it comes to some of the points being made by various leaders.

It is claimed that many have been driven out of farming. If this is a fact there must be less farms, and we find this is true in Warren county. Back in 1950 there were 1,491 farms in this county. Last year this number had shrunk to 1,241.

The number of acres being farmed has shrunk also, but not in the same proportion, and again this coincides with the national picture. There are less farms, but there are more acres per farm, and the yield per acre is greater.

In Warren county in 1950 the number of farm acres read 176,323. At the last count it read 163,019. But the average size of the county's farms last year was 131 acres as compared with the average of 118 in 1950.

The small farmer obviously has been unable to stand the growing disproportion between income and costs. The larger farms are better able to take the loss, and also have increased their acreage yield to compensate a bit more.

The number of large farms also has increased. In 1950 there were only four farms with over 1,000 acres. Last year there were ten such farms. The largest number of farms in one size-group are the 245 that have between 100 and 139 acres. But in 1950 this size numbered 287 in this county.

Some other interesting facts about our county's farmers reveal that 585 of them had TV last year. Twice as many, 508, had home freezers as did in 1950. The number of milking machines has increased from 429 to 525, pick-up hay balers have increased from 17 to 169.

If you dream of settling down on a chicken farm, perhaps the experience of Warren county farmers will change your mind. In 1950 there were 58 poultry farms. Today it has dropped to 15.

Fruit has not prospered here. Except for strawberries and grapes, the yield in most fruits is a fraction of what it was in 1950. Both grapes

and strawberries have increased.

It is an interesting study, with many more details available for closer examination. But it is obvious that farming has declined, with many rural residents now working in plants. A trend both parties will interpret in one way or another before next November.

As one of the officials in the state forestry office has said, it is unfortunate that the farm situation is viewed in terms of four-year political intervals, when the real need is a long-range plan, with constructive conservation practiced by all who tend the land.

NEW SALT

Salt from the sea is being promoted in Pennsylvania now through a distributor in Philadelphia. It is called Trace Element Sea Salt, and is made in Texas. It is claimed that such salt is healthful because it is 75 per cent sodium chloride and 25 per cent the minerals found in

their natural balance in ocean water, and, as such, important to the health of the human body. Other salts have these removed in the purifying.

It also is sold as a means of restoring the true taste to washed sea food.

SPEAKING OF MINERALS

The makers of Pep-Ti-Kon have agreed their product does not do all that has been advertised, including the supplying of essential minerals. It will not overcome spring lassitude and hot weather discomfort, cure boils, and similar claims.

ALWAYS SPECIAL

We have been asked if we are having a Christmas special for our Observer subscribers. The fact is that the \$2.50 price is very much a special for the Warren Observer, and due to increased costs may go up in 1956. We advise anyone who intends to subscribe in the next few months to do so as soon as possible.

The price may go to as much as \$5 a year and ten cents a copy. Which makes it a profitable Christmas present. Especially if subscribed for two years.

SHAFFER ENTERS PRICE WAR
W. A. Shaffer Pen Co. is the latest to discontinue its effort to hold the line by maintaining a fair trade policy. It now will suggest the retail price of its pens and pencils but will not deny dealerships to those who fail to abide by the suggestions.

ALMOST CRIMINAL

Ads that say any toothpaste will prevent decay are almost criminally deceptive and misleading said Dr. O. J. McCormack, president of the Dental Society of New York, when he spoke at the greater New York meeting. Dentrifice advertising that promises miracles in preventing decay and gum diseases was condemned.

DRINK, BUT NOT TOO MUCH

A leading whiskey producer will continue its moderation ads this month preceding New Year's Eve. It will use 76 newspapers to tell over 16 million readers that drinking and driving are a dangerous combination. The ad idea men will have a time with this one. Such as, "Drink moderately when you play, and live to drink another day."

The quotes are ours, and so is the proposed catch line.

It won't work though. Some one has to be the guest. And guests have to go home.

Gas Mileage goes up AGAIN

And so does the thrill - with Buick's new **Variable Pitch Dynaflow!***

WITH ALL the big excitement of Buick's 1956 styling and power and ride and handling—it's easy to overlook this fact:

Gas mileage in the '56 Buicks takes a big step upward.

One reason, of course, is the new power plant itself.

Every new Buick cradles an advanced 322-cubic-inch V8 engine with the highest horsepowers, Series for Series, in all Buick history. Yet every engine delivers more efficiency, and more usable power to the rear wheels—because each one has a new double "Y" manifold, and a new high in compression ratio.

But the major reason for the happy news in gas mileage—and for the new step-up in safety and thrills—is Buick's latest version of Variable Pitch Dynaflow.

In this airplane-principled transmission, you always had a gas-saving cruising range—and, at a switch of the pitch, a full-power getaway range.

Now Buick engineers have brought to this cruising range what they call "double regeneration." It simply means a new way to make flowing oil add to its own velocity to build up driving force.

So now, you merely nudge the pedal to *part throttle* and get new breakaway getaway. And since you get this quicker, safer response in your normal *cruising* range—where you don't use full power—you get plenty more miles from every tankful of gas.

But when you do need sudden safety-surge for emergencies, you just floor the pedal to switch the pitch. Instantly, you're at full-power acceleration—and it's the most thrilling safety measure in the land.

How about coming in to try the most modern transmission yet?

The absolute smoothness of this new Dynaflow is worth a visit in itself. So you can be sure you're in for a wealth of wonderful surprises—for that's just the start of the best Buick yet. Can you make it this week?

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

It's the '56 Buick—

Best Buick yet

MARY - ALICE SHOPPE
Youngsville, Pa.

A Wee Bit Of Scotland Exists In Warren

By Lewis Crippen

America is a "woman's world" — and this surprising statement comes from three charming ladies. Or maybe it would be more accurate to say three charming "lassies" who are residing in Warren for the next year and make the statement after comparing conditions with their native Scotland. "Over here", they add, "the men always consider the ladies". Of course, they received no argument from this reporter who was all but enthralled by the Scotch burr which can not be adequately recorded in print and impressed by the obvious truth of the statement.

America is the answer to their collective dream even though they understand that they are to return to their island homes at the conclusion of one year. Even working conditions here are excellent for domestics and Annie Healy, Grace Orr, and Mary Cruickshank enjoy the services they perform in the households of H. W. Conarro, John P. Wendell, and H. A. Logan.

Some time ago, each girl applied individually (without being acquainted with the others) to the Overseas Domestic Agency for work in the United States. They were accepted and signed a contract for wages, working conditions, and other terms after corresponding with the prospective employers. Lucky they were as hundreds of Scotch lassies seek American employment.

Grace had never heard of a squash but ordered it upon the suggestion of Mrs. Wendell and then mistook it for a melon and stored it in the refrigerator. Cooking turkeys in butter amazed them and added lines to the next letters home. Electrical appliances, particularly dishwashers, garbage disposals and refrigerators, were strange to them and the abundance of telephones practically unbelievable.

"It's not true that the Scotch are tight", answered Annie, "just the Aberdonians". She added the last phrase to tease Mary from Aberdeen and to make it plain that the same stories we repeat about the Scotch in general they re-tell about

the Aberdonians. Bagpipes are plentiful, however, and are played at all important functions even though other music, usually faster than in the United States, is used for dancing the waltzes, rhumbas, and other favorites.

"You should all be proud of the Statue of Liberty", remarked Annie to the head-nodding of the others. "But the motor cars frightened me as they went zip, zip in every direction. Over in Scotland we ride bicycles."

Americans are generally considered as exaggerators (or worse) when they describe our country while overseas. This story as told by Grace is quite popular in Scotland. It seems an American and Scot were riding through the city on the tram while the American disclosed how quickly homes are constructed in the States. When passing Calvin Hall he inquired as to the name of the structure. "I don't know", answered his host, "it wasn't here when I went to work this morning".

In Scotland the boys and girls wear uniforms to school and their appearances are neater. Ladies clothes are not as stylish there, cost more, but are made of better material. Special dishes to which they are accustomed include steak and kidney pie and shepherds pie of hamburger rings (called mince there) circumscribing mashed carrots and potatoes. What we call cookies here are really biscuits according to these girls.

During the next few weeks the lassies are planning on being plenty homesick. Christmas in their native land is celebrated almost identically with American customs including old Santa Claus — the same name and all. New Year's eve (hogmany) is a time of special family emphasis with all remaining indoors until the bells and chimes signify that the new year has arrived — then off to make

THREE BEAUTIFUL SMILES from three attractive lassies who are spending a year in Warren. All three agree that the United States is wonderful but have sought each other's company to ward off the inevitable homesickness. With all the conveniences enjoyed here, their thoughts seek out memories of the "Highlands" and "Loch Lomond".

The girls are: (left to right) Mary Cruickshank, 21, of Aberdeen, Scotland, who has been here for a fortnight; Annie Healy, 22, of Glasgow, who has been here for five weeks; Grace Orr, of Loch Lomond. She has been in Warren for ten weeks. The girls applied to the Overseas Domestic Agency for American employment as early as February.

the rounds of other families where they receive a toast (neerday) which can be anything from lemonade to Scotch whiskey and usually the latter.

Some disclosures of Scotland surprised this reporter. For instance, the girls were surprised that more women did not smoke — over there nine out of ten indulge in cigarettes. Divorce is frowned upon there because of the Presbyterian church's strong influence. Many of the concepts of our life had been formed through the eyes of the movie camera which allowed them a mixture of loose living, cowboys, gangsters and millionaires, but Annie's uncle warned her upon leaving Scotland that she must expect to work here even though the pictures never made that portion of life too clear. Annie has an uncle living in New Jersey who showed her the world's largest city upon her arrival. Another uncle lived here from the time he was a baby until he was seventeen, then he returned to Scotland and constantly talked about the United States which undoubtedly inspired Annie to seek these shores. Grace and Mary are just wanderers, they say, and journeyed here in the adventurous spirit.

Because of severe seasickness by all three on the trip over they have vowed to return by air. Annie and Mary flew from New York to Jamestown and are convinced of the values of the air lanes.

The last two paragraphs of a poem written for Annie just before she left Scotland reveals the esteem with which she is held at home:

"So may 'Good Luck', 'Good Health', and 'Prosperity' go across the sea with you, And don't forget the ones at home who are really missing you."

"Your new life may be strange to you but that you'll overcome. You'll soon forget your worries when Santa comes down your lum."

YWCA GIRLS gathered in the gymnasium on Monday evening for the annual "Hanging of the Greens" celebration. Christmas carols were sung, the Birth of Christ was read

from the scriptures, and Mrs. Arthur Chapman addressed the group. The picture shows the girls beneath the beautiful evergreen just before the program started. Warren

high school lettermen lent their masculine strength in helping the girls decorate the building for the rapidly approaching holidays.

SANTA APPEARED at the Tuesday meeting of the Golden Age Society despite the critics, and distributed gifts to all the deserving in the older set. The program included a reading "Coming of Christmas" by Nellie Mills; vocal sel-

lections, "O, Holy Night" and "Star of the East", by Velma Mitchell, accompanied by Harriet Lind; showing of the film "Spirit of Christmas", a Bell Telephone production, by Norman Huck; and group singing

of carols led by Mrs. A. Hamblin with Hazel Mason at the piano.

BOWLING

FACE-SETTERS

If there is any question in mind concerning who might have led the scoring of local bowlers this past week, it was Pete Juliano. He had 235 and 652 to lead the Industrial loop, and 614 to top the Commercial.

Bob Check was second with 244 and 627 in the Industrial. Marty Gelotte had 618, and Frank Willard put together a triplicate of 176's.

Paul Coppola had 616 in the City league, and Myer Pappalardo had 236 and 602 in the National K of C.

Gus Lawson led the Ex-Servicemen with 580, Chuck Halle was big in the Junior Industrial with 572, and Spinner Johnson had 561 in the Merchants, where Lou Cederquist picked up the 7-9 split.

Other leaders, Tom Masterson in the American K of C with 543; Floyd Kuhre in the Sylvania with 533, Harold Kiser in the Shop with 522, Vern Zellefrow in the Metzger-Wright with 442, and Art Bailey in the Junior league with 433.

TOP LADIES

Making with the big balls in feminine action this week were Jeannette Harvey, 529, and Mary Ellen Vizza, 504, in the City league, and Madge Kehm, 504, in the Major. Barb Cheska led Peg's with 488, Gerry Ernst topped the Minor with 457, K. Bonace had 433 in Class C, and Marg Ristau posted 403 in the Automotive.

MIXED UP LEADERS

Al VerMil/ea with 586 and Ellen Jackson with 432 led the Friday mixed league. Jack Pederson with 535 and Caryl Peterson with 402 paced Tuesday's mixed up maple-knockers.

DRIVE WITH SAFETY

THE PITTSBURGH PIRATES announced today that they have signed catcher Dallas (Byrd) Haight, of Youngsville, to a 1956 contract with the Dublin, Georgia, Baseball Club. "Byrd" will report to the Pirates' Georgia State League farm club next spring.

Haight graduated from Youngsville high school in June 1955. He captained the YHS basketball and football teams and earned a total of seven "Y's" in football, basketball, and track. In 1953 he received honorable mention on the All-State Class 'B' basketball team.

"Byrd", an 18-year-old right-hand hitting catcher standing 6 ft., 2 in., and weighing 185 lbs., was recommended to the Pirates by Nick Creola, of Warren, and signed after trying out at Forbes Field. He received his early training with the Kiwanis Intermediate League Hot Stove League and the Warren Elks contingent in the Penn-York League under managers Dick Giegerich and "Diz" Hines, respectively.

Among the young player's accomplishments is an eleven-year perfect attendance record in the Youngsville Evangelical United Brethren Sunday School. His parents, Mr. and Mrs. Dallas Haight, of Youngsville, reported that Dallas received his first catcher's mitt when he was five years old.

TENTH CHEVROLET FOR SCHOOL. On Wednesday, representatives of Warren high school accepted the tenth Chevrolet presented through the cooperation of Dan's

Chevrolet since 1948. Dan Dodge, Chevrolet dealer, presented the keys to the 1956 to Joseph Passaro, principal, just prior to the first ride enjoyed by (left to right) Betty De-Long, Bill Cummings, and Karen

Jackson, driving education students. Driving instructors are Leroy Peck and J. E. Springer. The car is available for School Board approved adult classes.

A SECOND CLASS INVESTITURE ceremony was enjoyed by members of Troop 101 in the basement of Trinity Memorial Episcopal church in Warren on Tuesday evening. During the meeting it was announced that the girls, suitable garbed, will carol in the community on Tuesday eve-

ning. Pictured are (left to right): ROW I: Jane Paucek, leader, Cynthia Dunham, Susan Punskey, Michele Long, Gale Barone, Maria Carvelli, accepted as a new Scout, Helene McClure, Judy Finley, Karen Johnson, Jane Ensworth, Joan Rice, and Mrs.

Helene McClure, leader. ROW II: Suzanne Lutz, Rebecca Irwin, Marlene Gagliardi, Carol Cleveland, Margaret Holt, Sondra Dunham, Susan Blackman, Barbara Dashem, and Suzanne Zerbe. Mrs. Elizabeth Dunham, another leader, was absent.

MUSIC HATH CHARMS . . . In fact, Ma Kat and her whole family finds it soothing enough to invite sleep. It also is warm . . . and safe from dogs. A couple of these kittens are looking for a good home this Christmas, in case you have mice and would enjoy a good pet.

STRAINS OF "STILLE NACHT HEILIGE NACHT" were heard near the Carver Hotel on Tuesday evening as members of the Warren high school German classes gathered for their annual Christmas party. The program was written entirely in German so repetition here would enlighten only a limited number of the populace which is my excuse for understanding only the students' names.

In this picture are (left to right) Mr. Zulak and Mr. Nemmer, teachers of German, Mary Gahring, class representative; Carlene Anderson, president; Nancy Carlson, on program; Curtis Jenkins, treasurer; John Eberly, vice president; and Harold McNulty, class representative.

WRESTLERS PROMISING

In its first two meets the Warren high school wrestling team has re-
vealed sufficient strength to indicate
that it should win most of its meets
this season, and may put two or
three men through the spring re-
gionals.

The Dragons suffered two tough
breaks at Oil City, and lost, 27 to
24, but it was not an indication of
the comparative strength of the
teams. Winners for Warren were
Bob Olson, Bill Cummings, Don
Brian, Harry Brooker, and Ron
Condio.

Cony Hultman was forced to
forfeit because of a shoulder in-
jury and Larry Cameron was win-
ning when an illegal hold was call-
ed and his match was forfeited be-
cause of an injury. Given these two
matches, Warren would have won
easily.

DuBois then came to Warren and
was licked, 41 to 12. Warren win-
ners were Olson, Tinelli, Kondak,
Foote, Brian, Brooker, Condio, and
Cameron. And don't forget that
wrestling is a major sport down-
state.

Warren next locks arms with
Titusville at home on January 5,
and will prove Oil City isn't so
tough when the Oilers come here
January 12.

WANTED . . . MORE CHEERS

Why do we lend our lungpower to
the support of basketball under the
direction of an attractive bevy of
cheerleaders, but offer no co-
ordinated moral support to our con-
sistently good wrestling teams?

If it is a matter of too many eve-
nings for a squad of cheerleaders,
why not have another squad? If it
is a good activity for six, it is just
as good for six more. Let the two
squads divide their evening between
the sports and give both groups of
scrapping athletes school backing.

A good wrestler trains every bit
as hard as a good basketball player.
And there are some who will readily
point out that it is a better body build-
er than the court game. Why, then,
is it not considered a major sport,
and so encouraged and supported?

We have heard some of the un-
organized encouragement that is
spoken at the wrestling matches,
and we believe it is not a credit to
Warren's reputation for sportsman-
ship. This might be rectified with
vocal support under good leader-
ship.

WIN AND LOSE

The Warren high school basket-
ball team found little trouble with a
weak Southwestern team, Friday,
winning 76 to 62. The boys looked
good in flashes, and anything but a
team at other times.

Though Southwestern scored a
large total, only 18 field goals were
allowed the visitors. Two of them
were sharp from the foul line, Van-
ham sinking 12 of 13, and Flanders,
7 of 8.

Homan led Warren with 25. Rick-
erson had 18 and Harrington, 13.

Then Warren went to Bradford.
The Owls made quite a night of it,
spanking the Dragons, 70 to 52,
and gleefully making up for the
pounding Warren's football team
gave them last fall. One Owl got
over half the points, 36.

For Warren it was Powley, 18;
Homan, 17, and Rickerson, 13.

Sheffield's smooth veterans come
to Beatty gym Friday night, and no

doubt will give Warren trouble if
they can find the range more quickly
than they did last year.

Kane comes to Warren Tuesday,
and the Alumni will be played the
27th.

IN THE COUNTY

Sheffield opened its season by
smashing Smethport, 77 to 47, and
taking its old rival, Youngsville,
70 to 53. It now visits Warren,
Friday, and goes to Smethport,
Tuesday.

Youngsville lost to Lawrence
Park, 57 to 43, Friday, and now visits
that school this Friday. It then in-
vades Edinboro December 20, and
participates in the holiday tourna-
ment at Oil City, December 28,
29, 30.

Tidioute had a close one all the
way with North Clarion, and was
ahead, 64 to 63 at the whistle.
Last week it lost to Townville,
56 to 36. Friday, Townville comes
to Tidioute.

Northern Area snapped out a vic-
tory over Wattsburg, 54 to 41, and
now meets Cassadaga, Friday, the
Alumni, December 20, and Sher-
man on December 23.

IN THE AREA

The picture of things to come is
half taking shape, though high school
teams develop fast and the league
season may not see some of the
early powers continue their pace.
Obviously the Erie schools are
stronger than usual.

This week Academy beat Oil City,
68 to 38, and Kanty Prep, 77 to 49.
Vincent took Kanty, 72 to 54, and
Jamestown, 66 to 44. Tech licked
Olean, 51 to 39, and Corry, 73 to
42. Prep defeated Sharon, 68 to
55.

Meadville beat Greenville, 53 to
46, and Sharpsville, 70 to 60. Frank-
lin topped Lakeville, 71 to 39, and
Clarion, 50 to 48. Titusville lost
to Greenville, 60 to 49, and to Mill-
creek, 54 to 53. Millcreek lost to
Conneaut, 57 to 42.

Farrell beat Washington, 61 to
45, and East Liverpool, 66 to 61.
New Castle took Butler, 65 to 57,
and Struthers, 54 to 52.

Corry walloped Union City, 91 to
44. North East beat McKean, 81
to 35. Johnsonburg swamped East
Forest, 72 to 30, and Port Alle-
gany, 67 to 54. Oke Twp. over
Emporium, 52 to 35; St. Marys
over Port Allegany, 62 to 51, and
Clearfield over St. Marys, 65 to
41. Smethport took Emporium, 59
to 42.

Dunkirk beat Jamestown, 56 to
42, Tonawanda beat Dunkirk, 66 to
63; Kane beat Ridgway, 58 to 51,
and Pleasantville edged Townville,
68 to 67. Pleasantville will be a
power in its league play.

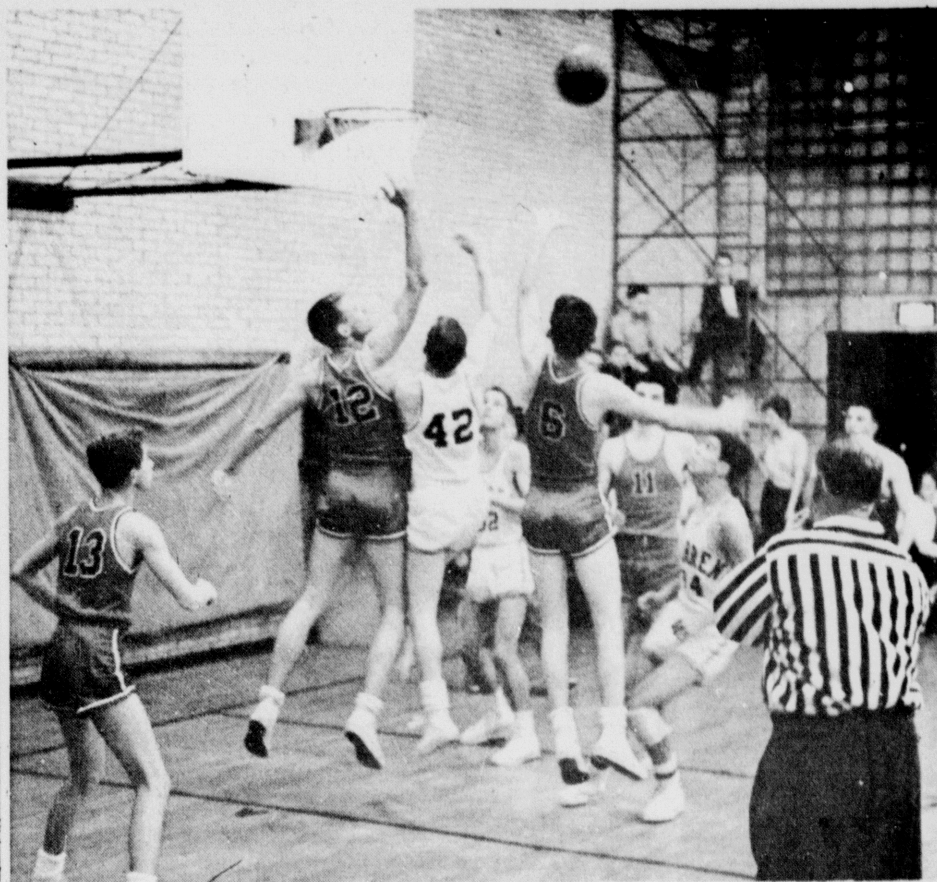

INDEPENDENT PLAY

Latest town team to form in the
county is at Tidioute where the
City Garage will sponsor one, which
will play its games at the high
school. Bob Schwab and Richard
Knight can be contacted for games.

The Warren Observer's area team
may not materialize this year.
Plenty of promising material, but
no time to spare by potential man-
agers and coaches. A few games
might be attempted before the year
is over, and maybe next year it
will become a fact.

SUGAR AND SHRINE

The tab for a pair of annual foot-

ball classics has been picked up by
TV sponsors. Chrysler will sponsor
the East-West shrine game, De-
cember 31, at 4:45 on NBC. Gulf
Oil will pay for the Sugar Bowl,
January 2, on ABC, with Pitt and
Georgia Tech meeting at 1:55.

DOWNES ALBINO

A pure white albino doe, weigh-
ing about ninety pounds, was shot
on the final day of the season by
Charles Miller, of Russell. He got
it on the John H. Hollabaugh farm,
near Tidioute.

SCRAMBLE . . . Everyone was
after this careening ball. We think
it is Harrington, 42, going up in the
center. Trusler is just beyond
him. Powley is waiting in the key,
near the ref's elbow.

JEWELRY STORES

334 PENNA. AVE., W.

Daddy:

I want a piano for Christmas. Where will
I get one that will suit my fancy? KOFOD
PIANO STORE, of course. 224 Penna. Ave.,
West. Just phone us, that's all. Delivery up
to Christmas Eve.

COULDN'T WAIT . . . These are the early arrivals Tuesday evening who couldn't wait for good ice on the Beaty field tennis courts in Warren. Though the ice was rough, they donned their skates and went at it. Before the evening advanced much

farther, there were about seventy boys and girls on the area.

Only one of the light banks is used for skating. The full array will be needed only for tennis. Benches for those putting on skates, and perhaps a warming house, will be added.

It is probable that the recreation commission will have a regular employe assigned to spray the rink each evening after the skaters leave. It may be closed about ten o'clock. This winter, Jaycees will supervise its operation. Next year, it may be added to the recreation program with state help for the supervisor's wages, as is done now for the playgrounds.

COLD JOB . . . Warren Jaycees have spent some cool nights this week spraying layers of ice over snow which has been packed on the hard surfaced area recently finished on Beaty field. The spraying idea is being tried as long as the weather holds. Eventually, good ice will result, if a bad thaw does not arrive and send the entire accumulation down the drain.

The area will be finished in the spring for tennis courts. All that remains to be done is a mesh fence and possibly a sealing coat.

face amount jumps TWICE — to 2½ then 5 TIMES original value — while premium remains the same . . .

NATIONWIDE'S jumping Junior LIFE INSURANCE

A remarkably low cost investment in your child's future—developed by Nationwide, the company that believes in better protection to more people at less cost.

HOW THE PLAN SERVES YOUR CHILD: The original face amount jumps 2½ times at 15, and 5 times at 21—while the premiums always remain the same. (A \$1,000 plan, for example, would jump to \$5,000 at age 21.)

CASH VALUES BUILD QUICKLY . . . and the high loan values can help provide the needed funds for his college education.

DON'T LET IT LAPSE

.....for life insurance represents all that is unselfish and generous. It represents your strong arm of protection. It can supply the flow of cash, the very breath of life to your dependent family.

But unless you keep up the payments, the insurance will lapse; and millions of dollars of insurance have lapsed in times of financial stress.

So insure your insurance. Build up a substantial savings account. It should be enough to carry you over a year of unemployment or sickness.

Deposits Insured Up To \$10,000 By The
Federal Deposit Insurance Corporation.
